

Cyber Liability Insurance for Contractors

What's at Risk and Why you should have it?

Program Overview

We've all heard about and likely experienced big cyber events for years. While contractors don't have the same cyber risks and exposures that retailers or healthcare companies have they still have a huge exposure to loss from a cyber-event. This lunch and learn will highlight what many of those risks are and how effectively cyber liability insurance can mitigate those risks.

Who Sould Attend? Internal IT staff, Executives who would be impacted if their company had a claim

Learning Objectives

- What has gotten us to here? Why does a contractor even need to consider Cyber Liability?
- Misconceptions about who a cyber-attack might target and why
- What is social engineering fraud?
- What impact can a cyber-attack have on a contractor?
- How can I best protect my company from cyber-attacks?
- What are the components of a cyber-liability policy?
